W-LAN/WiFi

The University of Saarland provides eduroam (SSID: eduroam).

Eduroam (education roaming) is a secure, world-wide roaming access service developed for the international research and education community. Having started in Europe, eduroam has gained momentum throughout the research and education community and is now available in 74 territories.

If your university is providing eduroam you can access the internet with your eduroam identification of your university (electronic id).

If you do not use eduroam, please contact us (organisation team) and we will provide user-id and password for W-LAN access (SSID: hiz-saarland.de).
